

# 50 YEARS OMNI

1972 - 2022

Report to the  
Community

# A Message from the Executive Director

---

Jay Meyer

The 2022 OMNI Annual Report both summarizes the results of the past year, as well as highlighting some of the milestones during OMNI's 50 year history. **But at a much broader level, it ultimately reflects the vision and ambitions established by the founders 50 years ago as to what OMNI could become.**

This past year I was fortunate to have had an opportunity to reconnect with some of those founders, as-well-as several volunteers and four of the original staff members, who were there at the beginning of the planning and launching of the organization. **Universally, it was conveyed to me how happy they were with what OMNI had achieved and how it has evolved.**

A key element of their vision was that OMNI would take a lead in addressing unmet and emerging behavioral health needs in the community. Time and time again we have met that challenge. As one community partner characterized our efforts:

**"OMNI provides services to those no one else will, or no one else can."**

And that commitment continues today. **As the community changes, and individuals and families are facing new challenges, we are broadening the services we offer to also be inclusive of children age 5 years through senior citizens.**

**If at any point over the past 50 years, you have been a donor, volunteer/BOD member, staff member, community partner, or supporter in any other way, you share ownership of this legacy and the successes that have impacted over 750,000 individuals and family members.**

## Our Mission

Providing access to quality behavioral health and educational support services for children and adults that result in pathways to successful and healthy behaviors throughout life.

## Our Vision

Positive change today for a better tomorrow.

# Summary of Services

---

## Counseling

Individual, family and group counseling for people encountering emotional and behavioral difficulties. We believe encouraging individuals through their actions is the best way to make positive change in their lives. Our experiential therapy treatment approach offers hands-on challenges and connects learning experience with the development of skills for life. Services include crisis intervention, and trauma recovery, substance abuse treatment and recovery, LGBTQIA+ support, school-based groups, juvenile justice.

## Prevention

Promoting healthy behaviors through a variety of science, evidence-based and collaborative approaches, including education, awareness, and policy initiatives to strengthen and build communities that proactively support health and well-being of all.

# Summary of Services

---

## Child Abuse Prevention & Family Preservation

Partnering with referrals from the Illinois Department of Children and Family Services, OMNI provides home-based services that keep children safe while strengthening families and helping them stay together. These services include in-home counseling and case management for abused and neglected children and their families. The primary responsibility for all OMNI Family Preservation staff is the safety and well-being of children and youth.

## Family Resource Program

Providing services that address immediate basic needs, promoting self-sufficiency, and increasing participation in the community for families living in poverty. Primarily serves the communities of Prospect Heights and Wheeling.

# 50 Years At OMNI

A quick look back on the last 50 years that have allowed us to diversify our program offerings and meet the growing needs of youth and families.

## Our Name Evolution Through the Years

### OMNI Hotline

**1971**

A group of volunteers and concerned citizens establish and run a hotline to help people in trouble. This hotline is the start of OMNI's evolution.

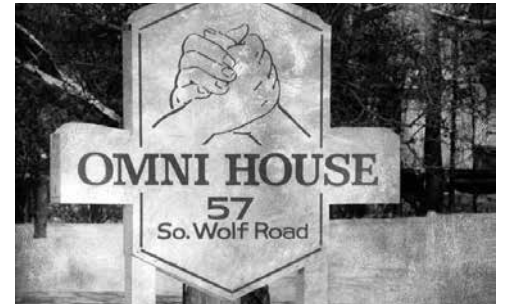

### OMNI-House Youth Services Bureau

**1972-1973**

OMNI, originally called OMNI-House Youth Services Bureau, Inc., is established. The organization hires initial staff and begins providing counseling services in addition to a hotline. In its first full year, OMNI serves 697 people with a budget of \$165,000.

### OMNI-House Youth Services Bureau

**1974-1984**

OMNI-House expands and achieves many notable accomplishments at its new location, including the implementation of youth mentor programming, outpatient drug treatment and early intervention, juvenile offender programming, a 24-hour crisis intervention system, and services for runaway and homeless youth. OMNI-House also becomes a lead agency in the Northwest Suburban Child Protective Network, which provides intensive in-home counseling to abused and neglected children and their families. This initiative evolves into what is now OMNI's Family Preservation Department.

# → OMNI 2018- present

## OMNI Youth Services

## 1985-1989

OMNI House changes its name and headquarters, becoming a charter services provider of adolescent drug and alcohol treatment in the process.

## OMNI Youth Services

## 1990-2017

OMNI Administration, Development and Volunteer Services move from the Wheeling office to Buffalo Grove. During its time at this location, OMNI implements many new counseling programs, establishes its resource centers, a leader to providing services to the Spanish speaking community, creates the Prevention services, becomes a part of the Teen Parenting Services Network, expands its Substance Abuse Treatment Program, and develops focused juvenile justice services for youth in trouble with the police, courts and school.

OMNI opens our Wheeling office to provide counseling and family resource services. In 2020, OMNI launches virtual counseling to keep both staff and clients safe while still providing critical services during the COVID-19 pandemic. OMNI relaunches enhanced programming and services for people who identify as LGBTQ+ and support for youth and their caregivers.

In OMNI's 50th year, it impacts over 30,000 people. 10,000 hours of Counseling is provided. OMNI Prevention grows to a staff of 23 facilitating nearly 900 workshops and engaging 2,600 volunteers. OMNI Family Preservation also expands to prevent child abuse in 200 families. **Recognizing the gaps in services, OMNI initiates programming for children and older adults and changes its name to "OMNI" to represent that we now serve all ages.**

# OMNI's Growth Over the Last 50 Years

## THEN

## NOW

**1971**

A group of volunteers and concerned citizens established and ran a hotline to help youth in trouble. **This hotline was the start of OMNI's evolution.**

**2021-2022**

Nearly **10,000 hours** of counseling are provided by OMNI's trained counselors.

**1972-1973**

In its first full year, OMNI served **697 people** with a budget of **\$165,000**.

**2021-2022**

Over **30,000 people** were served with a budget of **\$8.6 Million**.

**1992**

The Prevention department started with a grant of **\$240,000** and **four staff members** to provide public health programming to the local community.

**2022**

The Prevention department has a **staff of 23** with awareness campaigns **reaching over one million people**, facilitating nearly **900 workshops** and engaging **2,600 volunteers**.

**2005**

The Family Preservation Department **prevented child abuse in 40 families** with **four case managers**.

**2022**

The Family Preservation Department **prevented child abuse in 200 families** with **20 case managers**.

“The things I learned at OMNI when I was a teenager, I use as a parent today. OMNI has stayed with me my entire life.”

# The Need for OMNI

---

**264 million**  
people worldwide live  
with depression

Depression  
is the leading  
cause of disability  
in the United States  
among people  
ages 15-44

**1 in 3**  
seniors who need help  
do not receive treatment  
because of shame or fear  
it will be dismissed as  
part of the aging process.

Anxiety disorders  
affect  
**32% of**  
adolescents  
between 13 and  
18 years old

**28% of**  
OMNI's local high school  
youth report feeling sad or  
hopeless almost every day  
for two weeks or more.  
As a result, they stopped  
doing usual activities.

**2** out of **3**

kids are exposed to trauma and violence

**1** in **7**

Americans aged 12 or older reports experiencing a Substance Use Disorder

Calls to the crisis line doubled in one year.

**31%** increase

in mental health-related emergency department visits.

Over the last three years,

requests for mental health counseling has doubled.

**51%**

of families receiving OMNI counseling services live at or below poverty.

# Accomplishments & Impact

---

Since 1972 over

**750,000** served

**98%**

of parents of and  
would recommend OMNI to a friend or relative

**81%**

of youth counseling clients

**97%**

of parents of and

feel they received the services they  
needed or requested

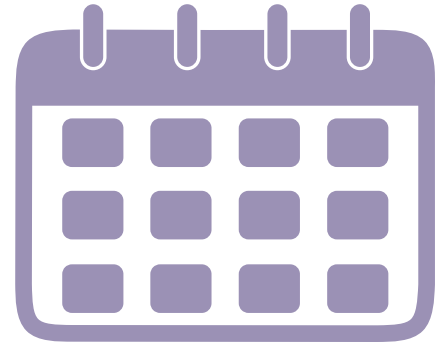

**88%**

of youth counseling clients

**75%**

of CHiL participants that  
attended an OMNI Therapy Group

improvement

**30,000**  
youth and adults  
lives impacted  
annually

Most of the data below is gathered through the Illinois Youth Survey, administered every even year to all 8th-12th grade students in OMNI's service area. Some of the changes the work of Prevention has contributed to include:

## HIGH SCHOOL YOUTH REPORT:

**71%**  
decrease  
in driving under  
the influence of  
alcohol

**52%**  
decrease  
in cannabis use

**61%**  
decrease  
in prescription  
drug misuse

“I felt like my son was lost to me and I didn't know what to do or where to turn. **OMNI brought us back together.** I have my son back.”

# OMNI's Future

---

Over the past 50 years, OMNI has specialized in serving adolescents.

As we look forward, we recognize the immense needs and devastating gap in accessible services for people of all ages.

**The time is now for OMNI to grow and launch services for children ages five to ten and older adults.**

Your support allows us to launch programs from play therapy for preschoolers to in home counseling for senior citizens. Together we will create positive change today for a better tomorrow for people of ALL ages in our communities.

# OMNI's Future

---

## Child Programming

OMNI will hire licensed staff with specific expertise serving children **10 and younger**, including kids with behavioral, mental health and developmental issues such as post traumatic stress disorder, depression and anxiety, ADHD, peer and family relationship issues and more.

**Evidenced based therapies will be provided** including play therapy and cognitive behavioral therapy through individual, family, and group counseling. **In addition, OMNI will partner with area grade schools** to provide in-school therapeutic services and help at-risk youth start their academic careers off with success. **Gender affirming support will be provided** and specialized services for kids who identify as LGBTQIA.

## WHY

- **1 in 6 U.S. children aged 2–8 years (17.4%)** had a diagnosed mental, behavioral, or developmental disorder
- **2 out of 3 kids** are exposed to trauma and violence
- **50% of all lifetime cases of mental illness begin by age 14**
- **Only half of kids** who need treatment for a mental or behavioral issue receive that treatment, often due to a shortage in therapists who serve children
- **Connecting with kids at a younger age ensures they have an identified resource to turn to if they need support in the future, before issues become critical**

# OMNI's Future

---

## Adult & Senior Programming

Services to meet the unique needs of adults and senior citizens will include individual and couple's therapy. Programs in development include virtual therapy for working adults and in-home counseling for seniors to increase access and decrease loneliness, a common issue impacting our elderly.

## WHY

- **1 in 4** people live with mental illness
- Mental health disorders **affect 20% of older adults**
- Nearly **1 in 3 seniors** who need help do not receive treatment because of shame or fear it will be dismissed as part of the aging process
- **Providing support to adults and seniors ensures OMNI can serve ALL members of our communities**

# 50th Anniversary Gala

---

OMNI's 50th Anniversary Gala was truly a historic event! Held at the spectacular San Filippo Estate, the event sold out and raised over \$200,000 to support OMNI's expansion efforts to meet critical needs. Many longtime and new friends joined us to celebrate OMNI's impact while looking to our future.

Since 1972 OMNI has been a leader in providing life-changing and life-saving counseling, case management and prevention services to youth, adults, and families. Our mission is to provide access to quality behavioral health and educational support services for children and adults that results in pathways to successful and healthy behaviors throughout life. OMNI Means "ALL" in Latin and we stand by accessible and inclusive services for all in the community who need us.

OMNI helps individuals overcome challenges, develop strengths and build skills they can use for a lifetime. Common issues OMNI is battling with our clients include: depression/anxiety, peer issues, family conflicts/divorce, trauma past and ongoing (domestic violence, child abuse and sexual assault), academic problems, criminal activity, substance abuse and much more.

OMNI creates positive change today for a better tomorrow.

**OMNI annually serves 30,000+ individuals in over 20 communities across Chicago's northwest suburbs. Services include:**

- Individual, Family and Group Counseling
  - 24 hour crisis Intervention
- Substance Abuse Prevention and Treatment
  - Child Abuse Prevention and Intervention
    - Juvenile Justice Services
- Youth Leadership and Healthy Choice Advocacy
  - Family Resource Support
